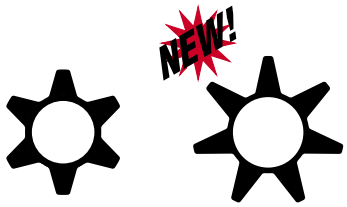
OREGON® SPUR SPROCKETS

Oregon® sprockets are available for most chainsaws in use today. Oregon® drive sprockets are available as either a one-piece "Spur" sprocket (shown on this page) or as a two-piece sprocket system which features a spline and free-floating rim (shown on our "Oregon® Rim Sprockets" Features and Benefits sheet). The advantage of a spur-type sprocket is in its economy and its easy-to-use one-piece design. Bearings and other replacement components are also available from Oregon® to help keep your sprocket in service for a long time.

Consumer Spur Sprockets — For use with .325"-pitch and mini 3/8"-pitch chains



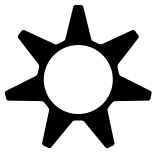
Mini 3/8" – 6 Tooth .325" – 7 Tooth

Economical Oregon® Consumer Spur Sprockets fit many of today's electric and smaller gasoline-powered chainsaws. These smaller saws are primarily intended for occasional and homeowner use, but may also be used by commercial woodcutters such as arborists or utility workers.

Occasional Use Commercial Use

Oregon® .325"-pitch chains: 20/21/22, 33/34/35, and 95 series
Oregon® mini 3/8"-pitch chains: 90/91 series

Pro-Am® Spur Sprockets — For use with professional-type 3/8"-pitch chains



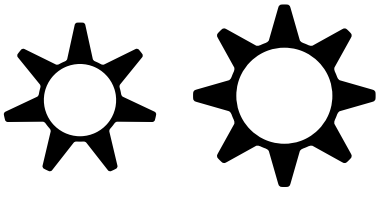
3/8" – 7 Tooth

Oregon® Pro-Am® Sprockets are economical seven-tooth sprockets built to fit a specific group of Homelite and Remington brand chainsaws. These saw models are intended for occasional and commercial use by woodcutters who prefer professional-type 3/8"-pitch cutting chains.

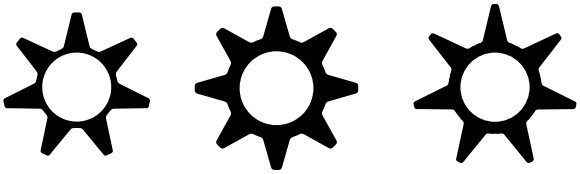
Occasional Use Commercial Use

Oregon® 3/8"-pitch chains: 72/73/75 series

Prospur® Sprockets — For use with professional-type .325"-, 3/8"-, and .404"-pitch chains



.325" – 7 Tooth .325" – 8 Tooth



3/8" – 7 Tooth 3/8" – 8 Tooth .404" – 7 Tooth

Oregon® Prospur® drive sprockets are the choice of professional chainsaw users who prefer a spur-type sprocket. Prospur® sprockets come in five configurations to fit nearly all saw models preferred by commercial and professional woodcutters.

Professional Use Commercial Use

Oregon® .325"-pitch chains: 20/21/22, 33/34/35, and 95 series
Oregon® 3/8"-pitch chains: 72/73/75 series
Oregon® .404"-pitch chains: 50/51/52 and 58/59 series
